Konth o	October , 1943 Propured by Captain W Glass
	CONFIDENTIAL
DAY	EVENUS
	Captain Stanko, 369th Bomb Squad, promoted to hajor as of 27/9/43.
2	Eighteen A/C led by Capt. Kackstetter and Col. Robinson took off and bombed EDEN with 10/10 cloud and P.F.F. Results were good according to P.H.U. reports. No fighter opposition and only meager inaccurate flak were encountered. Our score for the day was 0 - 0 - 0.
4	Eighteen A/C led by Capt. Paris took off on this raid to Frankfurt. Fourteen A/C were over the target and bombed the propeller works in clear weather. Our Group hit short however, following Groups "malked their bombs across the target". With excellent cover by P 47's and Spitfires, no enemy fighters attacked until our formation was left unescorted; then for forty minutes, high Squadron bore the brunt of attacks from both T/2 and 5/E fighters. Our score for the day was 5 - 0 - 3.
7	Capts. Dexter and Toland promoted to Major.
8	Twenty A/C led by Capt. Titt to bomb the primary, A/C factory at BREADI. The target was obscured by smoke screen and results of previous bombing so our Group bombed the center of the city with excellent results. Flak was intense and accurate resulting in every ship in our Group receivin some damage. At least 150 fighters, mostly T/E jobs, made presistant and daring attacks, many rocket attacks were made by T/E - A/C. It. Rodman of the 423rd and Its. Kooima and Ledgerwood of the 367th are missing in action. Our score for the day was 15 - 5 - 10.
9	Twenty, A/C led by Capt. Kackstetter and later by Capt. Reese of the 42 took off and twenty bombed the Naval, industrial and port facilities of Gdynia. Bombing results were good despite a heavy smoke screen. Direct hits were scored on the trans-atlantic liner Stuttgart and a large amount of shipping and port facilities were severely damaged. This was the deepest penetration by Fortresses in the European Theatre, being almost 200 miles east of Berlin. A.A. fire was meager and enemy fighter opposition moderate. It. Manck of the 368th and crew are missing in action. Our score for the day was 2 - 1 - 4.
10	Nineteen A/C led by Capt. Belser took off to bomb MUNSTER. Eighteen of our A/C followed the lead of 92nd Group and bombed the marshalling yards textile plants and town of Coesfeld. A.A. fire was meager and no attacks from E/A. Our score for the day was 0 - 0 - 0.

Captain Manning promoted to Major.

DAY	EVL:TS .
12	In a letter to Lt. Gen. Jacob L. Devers, ETOUSA Commander, Prime Minister Winston Churchill requested that the thanks of the British War Cabinet be conveyed to Lt. Gen. Ira C. Raker, Righth Air Force Chief, and the men of his Command.
14	Mission to schwellfur.  Our Group dispatched eighteen A/C led by Capt. Schoolfield. It this mission, three returned early, five completed the mission, fifteen bombed the target and ten A/C failed to return. No trouble was encountered until after the P 47 Escort left, then all hell broke loose. Between the Rhine and the target the formations were attacked by 300 E/A. Rocket guns mounted under the wings of E/A fired into our tight defensive formations causing high rate of casualties. Crews described the scene as similar to a parachute invasion, there were so many crews builing out. Flak was spasmodic but accurate. It is estimated that 75% of Schweinfurt's ball-bearing industry, producing at least 50% of total output available to Germany, was destroyed. Pilots with their crews reported missing in action were Jackson, McCallum and Cole of the 423rd, Butler, Bisson and White of the 367th, Peters, Lockyear, Bettinger and Holstrom of the 369th. Our score for the day was 4 - 1 - 6.
15	lat Lt. Simester assigned as Group (P) Chaplain.
20	Twelve A/C led by Hajor Buckey took off to bomb DURE, GERMANY. Three A/C returned early. Towering Cumulers 10/10 clouds ahead of formation beyond the French Coast caused the Group to turn back without bombing, especially as the load was ineendiaries, which could not be sprayed indiscriminately over occupied territory.
21	"The U.S. Eighth Air Force has earned for itself during the past weeks a reputation that the Royal Air Force will never forget" said Britain's Air Marshall Sir Charles Portal. "The Schweinfurt raid", Portal said "may well go down in history as one of the decisive air actions of this war, and it may prove to have saved countless lives by depriving the enemy of a great part of his means of resistance".
23	Article appeared in TANK" describing Lt. Klette's spectacular one engine landing at home base.
