Dear Chuck:

In reference to our conversation yesterday concerning the claim of

JOHN A. BROWN 31044766

I am enclosing the following materials from the 306th Bomb Group Association collection, including

- pages 286, 287 and 288 from the book First Over Germany
- copies of 3 photographs made by the 306th Bomb Group photographic section of the mid-air collision of 22 Oct 44
- 1 copy of 306th Echoes, a quarterly newspaper for April 1991 with direct reference to the above event
- 2 pages from the official report of the Intelligence Officer for the 306th Bomb Group with its mention of the collision.
- 1 page from the 306th Bomb Group Diary for Oct 44 detailing the accident.
- 1 map of England showing the location of the two Bomb Groups involved in this incident.

I hope this array of materials will assist you in honoring John Brown's claim.

I am happy to have been of help,

Sincerely yours,
