Kathleen & Jack Cunningham

Thank you for the Frighten
Bitten patch. Jack was
delighted, I couldn't keep
the hook of the crew members
until Christmas. It brightened
his day. In Bill Davis's crew
the confusion in the front
row between Hesso and
Quarterf is Sol Pollock.
He was a detriment to the
crew, Jack said, and they
voted him out. He said the
last they saw of him, he

was walking down the
road with his duffel bag.
Jack said they never saw
him again. Then Bill
Simpson came on the
crew. You keep up
the good work and

Dear Bill:

Over the Christmas holidays I heard from Bill Parr and he informed me that you were trying to get names and addresses of former members of the 8th Air Force. I am a member of the Ex-Picconess of War Organization here in San Diego and have access to the names of our membership which I am sure some of them were in the 8th Air Force. Please inform me as to the information you need and I'll be happy to get it for you. If there is a form to be filled out, send me some & I'll do what I can.

Sincerely

Jack R. Cunningham
