

Dear Russell:

8-1-91

Received the three Mission Reports in good shape. Thank you so very much for all the time and effort you must have taken to get these great reports in such an interesting report. My Grandsons will now understand what Grandpa was doing in the war so many years ago. Brings back so many memories, and not all of them so pleasant.

I'll be writing for a few more in the not to distant future.

Thanks again —

Yours.
