306th Bomb Group Association

to whom it may concern:

Enclosed a small donation;

I am now a 76 year old widower - my wife Maria passed on Sept. 4th 97 - age 66.

65 rec'd
1977

As we get older memories fail - and at times the service kept bad records.

I enjoy 306th Echoes though, I can't remember names at times. I was on the 423rd engine change crew. The last Echoes brought back a memory, though bad.

I at the time, lost a friend - "Hank" he was the radio operator on the plane

snuffy Smith (first mission) was
on - I believe it was "hanks" 24 or 25th

well any way every
little bit helps, best I can
do. at the time.

Sincerely,

Dave Hubbard

P.S.

You all have a very
healthy - happy New Year

and many - many more.
