Sir: RE: Philip G. Griswold, Sr.

I will appreciate your entering my husband's name in the "Deceased" portion of your paper.

He died of cancer at age 64 on April 30, 1985.

He was a combat pilot of the 306th, flying 30 missions between the years of 1942 -1945.

After the war, he spent his life in the lumber business, first in Oregon and later here in California.

Thank you for your kindness.

Sincerely,

*Aloha Griswold*
