

Dear Mr. Strong:

22 July 1987

Just a short note to thank you for sending us the names you have on your Roster which is in your computer. We look forward to receiving the rest of your list when you are finished. In appreciation for your effort we will be sending you all those we have on our Roster from the 306th when we do our next computer run. We also appreciate your sending us a directory for 1986, your help in allowing us and yourselves to locate those who have not been contacted about our organizations is wonderful! The Colonel is on a weeks vacation so on behalf of him we wish to thank you!
