Dear Russell:

This is my contribution
to the organization. I
have not contributed
for a long time, I was
hospitalized and was
operated on twice.

My best wishes to
the organization

Dear Mr House,

Recd 10/6
AMK

I am sorry to say I have had to put my Husband Jason in a Nursing Home he has Alzheimers Disease, of course he is not very happy but I had triple Bypass. so my Doctor said I could not take care of him at home, I just kept putting it off I did not want to put him in a Home, for one thing it will be our 50th anniversary in April, I am from Warrington England, I met Jason when he was a civilian from Kelly Field at Burtonwood, he was sent back to the states and drafted in the Air Force with in a year he was sent back to England, so we waited till he had done all his mission before we wer married, I hope I am not boring you. I am very lonely with out Jason. I am sure the Lord will help me. Thank you Mary Hurd

I hope this little cheque will help I
love to read the paper. Jason does not
read or talk
