IN KANSAS

17% of all wheat produced in the United States is grown in Kansas. 20% of all the wheat the United States exports is grown in Kansas. 65% of all airplanes in the free world were built in Kansas. 2 out of 3 of all the business and private aircraft in the United States were built in Kansas.

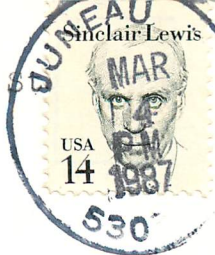

Hello Bill,

It's been quite awhile since I last wrote to about thanking you for those Newsletters for my interest in the 306th B.G. Have you any patches or hats for sale? If possible, could you send a patch in the mail? I've built a good collection of those Newsletters of the 306th. In fact I located a guy in my home-town who served as a gunner aboard a B-17!! Keep those Newsletters rolling in Bill. I'll keep in touch.

Best Regards,

Bob Krueger
