Dear Friends -

I read your request in the 306th Echo, about Maureen. I was in the group that helped but I cannot remember her last name. I do have the issue of the Saturday Evening Post of April 24, 1943 which speaks of her in the article of the Clay Pidgeons. Her father was a former stonemason, who died in service. Her mother worked as a charwoman for 10 dollars a week. It also states Sweetpea was to visit the airdome on December 19th. Could it be that it was written up in the Stars & Stripes at that time? There is also a picture of her in the issue of Saturday Evening Post. I sincerely hope that this bit of information can be of some help

To you.

Respectfully
