Dear Russ,

Just a short note to let you know that Robert Marble of 92 Charles St., Fitchburg, Mass. died early in the AM on Aug. 9th.

I met him a couple of times at events here in Orange, and he was not well physically then.

He died from Congestive heart failure among other ailments.

He was with the 368th, the best squadron in the group - But, that's another story!

His wife, who is almost blind would like to keep receiving the Echoes. She wants to keep up to date with happenings. Her children read the paper to her, cover to cover.

Cheers old boy,

The Bureau

I have been thinking about the
 situation in the field and the
 need for a more systematic
 approach to the work. It is
 necessary to have a clear
 understanding of the objectives
 and to have a plan of action
 which will enable us to
 carry out our work in a
 more efficient and effective
 manner. I am sure that
 you will agree that this is
 a very important matter and
 one which should be given
 the highest priority. I am
 sure that you will be
 able to help me in this
 regard. I am sure that
 you will be able to help
 me in this regard. I am
 sure that you will be able
 to help me in this regard.
