Dear Mr Collins,

I was going through some old papers and pictures, and found some copies of the 306th B.G. Echoes, and saw that you and Mr. Russell A. Strong were asking for old data etc about the 306th, so I am sending these pictures to you, maybe they will be of some interest. My late husband, who passed away on July 22 1979, was at Thurliegh and Chelveston his name - GUILLERMO A. PEREZ, he was a co-pilot with someone he called "PJ"? Can't remember any other names. But, he was one of the "EAGER BEAVERS" as shown on one of the photos.

My husband's B.17, named the "CHIHUAHUA KID" is shown with the hole in the fuselage. He remained in the Air Force, for 25 yrs. retiring as a Colonel at Pease A.F.B. New Hampshire. I am going home next May, home being 16 miles from Bedford, England, and my two oldest sons will come with me, and we plan to go to Chelveston, they are interested in their father's wartime experiences.

Good luck with your research and I wish you all the best for 1982,

Yours sincerely
Grace E. Walker Perez

TO : Commanding Officer, 306th Bombardment Group (H), APO 557.

1. A studied interpretation of Striks Attack Photographs taken on the attack 19 April 1944, at Kassel / Bettenhausen, Germany, clearly indicates that your organization distinguished itself by good precision bombing.

2. Although opposition from German anti-aircraft defenses was accurate, causing battle damage to fifteen (15) aircraft of the 306th Bombardment Group (H), the bombing run was conducted properly and excellent results were attained. An analysis indicates that thirty-five (35) percent, a good percentage of the bombs identified, struck within five hundred (500) feet of the A.P. and that eighty-five (85) percent were placed within one thousand (1000) feet of the A.P.

3. These results creditably reflect on good formation flying and proper release of bombs from every aircraft in the group. The following personnel, lead aircraft of the group formation, are to be commended for their outstanding teamwork in connection with the execution of this attack:

Lt. Col. John L. Lambert	0-406570	Group Leader (Co-Pilot)
1st Lt. Phillip J. Field	0-745567	Pilot
2nd Lt. John A. Spierling	0-688172	Navigator (Radar)
1st Lt. Richard P. Williams	0-808205	Navigator
Capt. Walter R. Wick	0-733389	Bombardier
→ 1st Lt. Guillemo A. Perez	0-751030	Tail Gunner ←
T/Sgt. Littleton A. Taylor	33209344	Radio Operator
T/Sgt. James G. Brownell	32384230	Top Turret Gunner
S/Sgt. Sidney M. Salupsky	32441402	Waist Gunner
S/Sgt. Karl C. Madsen	36619665	Waist Gunner

4. A copy of this letter will be placed in the 201 Files of all concerned

SUBJECT: Commendation.

TO : Commanding Officer, 306th Bomb Gp (H), APO 557, U. S. Army.

1. It has come to my attention that the 368th Bombardment Squadron (H) has accomplished a total of fifty-seven (57) consecutive heavy bombardment operations against the enemy without loss of aircraft or crew from 25 May 1944 to 26 August 1944.

2. The 368th Bombardment Squadron (H), has, during this period, dispatched five hundred and fifteen (515) B-17 aircraft and four thousand six hundred and thirty-five (4,635) officers and enlisted men to attack enemy installations. Despite determined enemy opposition, twenty-eight (28) targets in Germany, twenty-six (26) in occupied France and three (3) in occupied Belgium were bombed with eight hundred and seventy-seven (877) tons of high explosives and ninety-five (95) tons of incendiaries. The accurate bombing performed by this unit on 18 July 1944 at Peenemunde, Germany and on 4 August 1944 at Anklam, Germany, contributed much to the success of these operations.

3. I desire to commend participating combat crewmen for their demonstration of exemplary flying skill and teamwork in attaining this excellent combat record and also all personnel engaged in the administration and maintenance of the 368th Bombardment Squadron (H), for their untiring efforts given in close support of these operations.

TO: Commanding Officer, 368th Bomb Sq(H), 306th Bomb Gp(H), APO 557.

1. To every member of the 368th Bombardment Squadron (H) who assisted in any way in attaining the record of fifty-seven (57) consecutive missions without loss of aircraft or crew I wish to extend my hearty congratulations. The accomplishment of that many operations cannot be attributed to luck. There obviously has been a concentration of effort toward this aim.

2. Continued good work of this kind will mean continued efficiency in doing the job which we are here to do.

Dear Russ,

I am sending these
pics to you, I took them in
late June, while I was in
England, visiting my family.
Maybe they belong in ~~the~~
306th album?

We found the old
Officers club, but it was locked
up tight, due to the roof
being unsafe. A nice surprise,
were the fresh flower
arrangements in front of the
memorial!

I have missed the last
two reunions, also, have not
received the 306 Echoes since I
moved to Florida. Hope to make the
next reunion -

I hope all is well
with you and yours,

Best Regards

Grace E. Walker Perez
