Mr. M. Briscoe,

Yesterday I received a copy of the Directory for the 306th Bomb Group Historical Association and reminded that I had never notified your organization of the death of my husband Edward J. Stokoski on May 14, 1985.

Please know that copies of the Echo were read by me. Ed and I had attended a reunion year ago in Ohio.

Enclose find check to fund your organization. Please forward information to remove his name from future mailing list

Yours truly,
Calleen Stokoski

Dear Colleen:

I received your note yesterday concerning Ed's death, and will make note of it in the October issue of Echoes.

As is customary, unless requested otherwise, I have changed the mailing list to your name, and will continue to send you copies of Echoes.

If at any time you wish to be dropped from the mailing list, please let me know.

Sincerely yours,
