Dear Russ -

Mon-12-8-86

First, I want to identify myself as Paul Reiox's Navigator - 423rd Sq. - Secondly, how much I missed the ol' 306th Convention in Dayton - Mailed in registration, etc - but ball-turret gunner (Persac) and I were 'too late - Maybe next year. -

Incidentally, I heard such "rave" notices from Reiox about the Air Museum, I had my son drive me up to Dayton last week - Man it was great and the ol' B-17G made me "homesick" (sort of -) -

What I'm writing to you about is to see if you know where I might order one of the old leather, fleece-lined, ear flap, long billed gunner flight-caps (like the one Fran Wagh is wearing on page 2 of the Oct. '86

Copy of 306th Echoes) - Surely some enterprising company must be making and selling those great caps -

If you get any INFO on this please drop me a line. -

Thanks very much

— over & out!
