

Russell Strong

Dear Russ:

My memory of this or any other of the 25 missions that I was involved in are very vague to me. I guess I lived from day to day and mission to mission and kept no log of my military life while in the Air Force. While at Dayton this past summer I tried to collect some information from other crew members at the reunion but to very little avail.

I did make the mission in question with Loren Page and others but don't seem to recall anything that could help you at this time. I do communicate with several old friends & do mention things of interest to see if they can help, and if so I would be happy to drop a line.

I enjoy receiving "Echoes" & wish to contribute this small token.

H. R. Irving.

We had planned to be with
you all in Savannah. Harold
had a stroke Sept 26 and again Oct 29
& was gone Nov 16. He was the
best & we had such great years,
good memories our family &
friends who are always there

1998

Wishing You A
Wonderful Christmas

Jane
