...Maj. Robert Johnson...had time to put in a good word with the President for a fellow Oklahoman and fighter pilot, Capt. Pervis Youree, who faces discharge from the Air Force.

Captain Youree was court-martialed for flying his plane in formation with a commercial airliner near Ardmore, Okla.

Major Johnson told the President, to whom the Youree case has been referred, that he and Youree attended Cameron College in Oklahoma together, and that Youree, decorated in combat over Europe, "has a fine record and is a good man."
