SUGGESTION BOX:

SUGGESTION: "It is suggested that ... familiarize himself ... Some offices on the field are understaffed, overworked, and labouring under unpleasant conditions in order to meet the requirements of redeployment. Organizational requirements must be met, overages disposed of, and all packed and shipped in accordance with existing regulations...."

ANSWER: This suggestion was censored because it criticizes an individual in the performance of his duty. There is no place in ED for personal criticism no matter how well-meaning it might be. However, the entire suggestion has been brought to the individual's attention.

-2-

SUGGESTION: "Why aren't the British newspapers delivered at regular time each day at D Club lounge. Also what is the reasons for occasional missing of club on deliverance of said papers."

ANSWER: At times papers failed to arrive on station due to circumstances over which we have no control. This, however, is seldom. To correct this, some changes have been made at "D" mess and more will follow if necessary.
