# 306th Echoes

FIRST DIRECTORY OF THE 306th  
READY ON INSIDE PAGES.

Its been a long time in coming, but at long last we have a directory of members of the 306th. Most of the inside of this third issue of 306th Echoes is taken up with the directory, and we hope to add many more names to it.

These are the people known to Bill Collins and Russ Strong as of Feb. 15, but they won't guarantee that some of the men haven't moved by then.

Weekly new names and corrections are being made to the list, and we need everyone's help in uncovering others who were with the outfit from Wendover, Utah, days until the end of hostilities.

#### THE HISTORIAN AT WORK

Russ Strong is continuing to research the history of the 306th, and at this time is especially interested in getting information from Missing Air Crew members. He'd like to know just what happened to your plane, how you got out, what happened to you on the ground. Also, about other members of the crew you were flying with.

Another facet of research is into the names of 306th aircraft. Not all planes did have names, but many did, and he'd like to tie tog ether names and plane numbers. How about you ground crew people--did you ever keep track of the planes you worked on?

#### 306th PLANS OWN FLIGHT TO ENGLAND

The Eighth Air Force is going to England again this year, and several 306th men are scheduled aboard. But, the Chicago group, led by Bob Starzynski, is arranging its own mission to England--and Thurleigh.

The dates are Aug. 21-Sept. 4, and they will depart from O'Hare Field, Chicago, and non-stop to London.

Among planned stops are the RAF Museum, Cambridge, Bedford and Thurleigh, Stratford on Avon, Woodstock, Blenheim, Oxford and Windsor.

The cost is \$608, double occupancy, with additional charges for two optional tours. A \$25 deposit is due April 1, and \$100 by May 15, with the balance June 1.

For further information, call Bob at 312/685-8177, or Rosemarie Newlon at All-State Travel in Chicago, 312/641-0044.

#### THE 306th REUNION IN ST. LOUIS

The third annual reunion of the 306th will be held Oct. 6-9 in St. Louis, MO, in conjunction with the 8th AF reunion.

If you haven't made either of the first two, you owe it to yourself to get to this meeting. You will never have more fun than renewing acquaintances, and making new friends, among the 306th family.

More information will be forthcoming as the summer moves on.

## NAMES IN VAIN

We now have 798 names on our 306th Search List. These are generally WWII era hometowns. We need people who are close by to take a look.

How do you search? First, check your phone book, and don't miss the small towns nearby; 2) check with your newspaper or library as to what their files may contain; 3) ask knowledgeable people. In a small town it is often the clerk who knows everyone; 4) call people with the same last name; 5) check the local high school as to whether a college transcript was sent on the man. This often provides an excellent lead. 6) if there is a local college, call their alumni office, as they may have the person listed.

We now have located over 600 306th veterans--often in places you'd never dream of looking. A hundred of them came to Dayton, and most had one of the best times ever. We'd like more in St. Louis next year. And the historian is looking for individuals who can tell him of special experiences that will eventually go into a new book about the 306th.

With this issue we begin publishing those names we have in several states. Look them over, take a crack at finding someone--and if you do, send your results to Bill Collins.

## WHAT MAKES THIS GO?

You do! It takes your contribution of a little time to help find more 306th men and perhaps a little money, to make all of the 306th venture today operate. The directory in this issue is only a beginning, but it represents the contributions of many people in finding these men.

If you can help with cash, send a check to Bill Collins at Poland, OH. If you have interesting pictures or data on the 306th, send them to Russ Strong at Laurinburg, NC.

Where was the hottest place to fly combat in a B-17?

Your guess that it was the ball turret is correct, according to casualty figures developed from a review of 142 306th planes missing in combat. At least another 20 planes were lost, but government Missing Air Crew records are not available on them.

In 19 of these 142 planes, the entire crew was killed, and these figures have been included in the totals for each position.

On those 142 planes, the ball turret gunner was killed 72 times, followed by first pilots 63, and radio operators 61.

Other crew positions were: co-pilot 54, left waist gunner 54 (including those planes which flew with only one waist gunner), tail gunner 50, navigator 48, bombardier 46, right waist gunner 46 and engineer 45.

A casual examination would indicate that about the same casualty ratios were observed when heavy fighter attacks were experienced, and later when fighter attacks were a rarity.

As more figures become available, we'll update this information.

One of the strangest reports is of the three-plane collision on the 8 May 44 Berlin raid, in which there

were three survivors from one plane and one from another.

#### COLLINS HEAD SEARCH

Bill Collins continues to head the search for former 306th men, and is the contact man for this activity. He needs your help in this matter, and he also needs a buck or two now and then to pay for the Newsletter and its mailing. If you feel so inclined, drop him an address and a check.

#### 306th GOES TO CONGRESS!

One of the freshman members of Congress this year is Lamar Gudger, a successful Asheville, NC, attorney and former NC state legislator.

In his days with the 306th he flew with the 423rd and spent a period as squadron navigator. He joined the 306th in April 44 and served until 31 Jan 45. He was a member of Fortson's crew.

Gudger has been named to the Judiciary and Interior committees, for his first assignments.

In winning his Congressional seat, made vacant by a retirement, Gudger had to win two primaries, and then won in the general election by about 5,000 votes. He will make his Washington home in Georgetown.

This is Lee Kessler's striking painting of his last mission--Wilhelmshaven on 21 May 43. He was the engineer for Maxwell Judas' crew that day when they were hit by fighters over the target. According to Missing Air Crew Reports, survivors besides Kessler and Judas were J. O. Cummings, Joe Graziano, Elwood Brotzman, Gerald Stroud and John R. Geimer.

Casualties were Frank Arrison, Foster Daniels and Roy LeBlanch. Kessler is a resident of Canton, O., and besides the painting above, has also constructed a model of a B-17F with a 74 inch wing-span. We will have pictures of it in our next issue. And we hope that both painting and plane will be available for your inspection at St. Louis.

#### RECUPERATING

Col. Earl W. Kesling 423rd, 367th, GP, is making a good recovery from a stroke and leg amputation at his Dunedin, FL, home.

His recent Christmas letter says "Earl has a new leg now and stays busy learning to use it well enough to get back to the golf course."

Kesling was an Apr 44 addition to the 423rd, and was later 367th CO, and then Gp Ops Off.

He was also one of a limited number, mostly in the 367th, who flew two tours with the 306th. One longtime 306th veteran says "Kesling knew more about the

B-17 than any other person I ever came in contact with."
