1800 Off Hatch Lt Carlisle, On Hatch Lt Popin

1830 Aerodrome inspected Two new broken spots in
Runway 30, inside South Perimeter notch. Suggest same
instructions be given to pilots parked on RW by Radio
Operator as to these swinging compasses.

Perimeter track in many places, needs
second application of wax as it is now covered
at these places by oil. This oil leads to a speed
deterioration of the rubber tires of our a/c. Suggest
Group Ops be notified.
