Reds Say Nazis at Stalingrad Wiped Out

Forts, Libs Upset Air War Theory

Heavy Bombers Altered Concept of Daylight Raids in '42

German planes shot down: 200-

U.S. planes shot down: 42 That was 1942's score in the aerial warfare over Europe between the

Eighth Air Force and the Luftwaffe. Listing a total of 26 bombing raids against Nazi targets in Europe, approximately 1,350 offensive fighter patrols and nearly 900 defensive operations, Eighth Air Force yesterday reviewed its operations in the year in which American heavy bombers started a revolution in the theory and practice of aerial bombardment,

How great was the revolution was told in the "box score" for the 25 heavy bomber operations. (There was one light bomber attack, by Bostons, in July.) *

FW190s Badly Beaten

The Flying Fortresses and Liberators, armed with potent, far-reaching 50-caliber machine-guns, shot down more than 200 of Germany's best fighter planes, most of them FW190s, while losing 33 bombers of all classifications. Nine fighters were lost in the year, according to the recapitulation.

In announcing its year-end score, Head-

according to the recapitulation.

In announcing its year-end score, Head-quarters, Eighth Air Force explained that results of the Dec. 30 raid by American heavy bombers on German sub pens at Lorient were not yet available, pending complete survey of operational reports. Up to that time a total of 195 enemy aircraft had been chalked up and the official pronouncement on the Lorient raid was that, "a number of enemy aircraft were destroyed."

destroyed."

Credit for some of the plusage on the Credit for some of the plusage on the 200-figure must go to American fighter pilots who participated with RAF, RCAF. Dominion and Allied fighter escorts in providing umbrellas for the heavy bombers within their useful range. Making day raids in mass formation, American bombers concentrated on such targets as submarine pens, vital manufacturing and railway centers, harbor installations and enemy dromes. enemy dromes

First Raid on July 4

American bombardment aircraft made their first raid on occupied Europe on July 4, when six US crews took Boston attack bombers on a low level raid against Nazi targets in Holland. Two of our aircraft were lost on the first operation. American pilots took the B17—Flying Fortress—over Europe for the first time on Aug. 18, when 12 of the heavy bombers struck at railway yards at Rouen and returned safetily, shooting down one

and returned safetly, shooting down one

Twenty-four Forts, with Allied fighter escort, raided the enemy fighter base at Abbeville on Aug. 19 in conjunction with the Dieppe landing. All returned. B17s destroyed an FW190 during

B1/s destroyed an FW190 during a raid against the Amiens railway yards on Aug. 20. Other bombing raids during August took place on the 21st, 27th, 28th, and 29th, when B17s dropped high explosive on the shipyards at Letraid and Rotterdam, the aircraft factory at Meaulte, and a German drome at Wevelghem, near Courtrai, Belgium. From these raids all our Fortresses returned. Six enemy aircraft were destroyed, with bombers and Allied fighter escorts sharing the victories evenly.

Railway Yards Hit

On Sept. 5, 6, and 7 American bombers were over the railway yards at Rouen and Utrecht, the Schieden ship-yards at Rotterdam and the Le Havre docks, the Meaulte aircraft plant and air-fields at Abbeville and St. Omer. In (Continued on page 4)

U.S. Army, Navy Report 56.075 Casualties So Far

WASHINGTON, Dec. 31 (AP)—The cost of America's growing offensive in Naval dead, wounded and missing amounted to 20,397 casualties since Pearl

The preponderance of new casualties, the U.S. Navy Department said resulted the U.S. Navy Department said, resulted from direct action with the enemy, but the total included those lost in accidents at sea and in the air on duty directly con-

cated with wartime operations.

Casualties reported so far by the U.S. the American armed services to 56,075. feet below the disastrous St. Patrick's

Flew Plane Home the Hard Way

The pilot and co-pilot of their Flying Fortress wounded, Capt. Alexander Bright, Cambridge, Mass., left, and T/Sgt. Clarence V. King, Island Falls, Maine, brought their Fort safely home. Lt. John R. Bell Jr., Prescott, Ariz., right, rubbed King's arms to keep him from freezing.

Pilots Wounded, Fort Is Flown Home by Sergeant, Ex-Broker

A sergeant engineer and a former Boston stockbroker who was along just for the experience brought a crippled Flying Fortress safely back from Wednesday's U.S. raid on Loriss in fter the pilot and co-pilot of their ship had been knocked out by G.5. No.

had been knocked out by G.5. Now her aid as heroes, are Capt. Alexander Bright, Cambridge, Mass., and May t. Clarence V. King, Island Falls, Maine Capt. Bright, not required to fly by his ordinary duties, was on the raid to get experience valuable in briefing pilots.

A shell exploded in the cockpit of their Fort. They saw the pilot collapse over the wheel and the co-pilot, also wounded, lose control. Sgt. King jumped forward, carried the pilot aft, and Capt. Bright administered first aid.

Sergeant Took Controls

Then King took the pilot's vacant seat Then King took the pilot's vacant seat.

He got the plane out of a dive and levelled off for its base in Britain. To prevent the arms and hands of Sgt. King and the injured co-pilot from freezing, Lt. John R. Bell Jr., Prescott, Ariz., bombardier, rubbed them vigorously.

The destruction of two Focke-Wulfs and a probable Melloy was claimed by the crew. One of the enemy fighters claimed NEW YORK, Dec. 31 (AP)—The Curtiss Wright Corporation, America's largest airplane, engine, and propeller producers, announced today that current production for a single week exceeded the annual rate for a short time ago.

G. W. Vaughan, president of the company and head of the Aircraft War Production Council for the East Coast, said that the industry would expand its output in 1943 to what formerly was considered impossible proportions.

Vaughan added that "aerial box scores in the current war communiques hint only vaguely at miracles of design and production performed by the aviation industry in the production of war planes for all fronts over which we are engaged.

crew. One of the enemy fighters claimed destroyed was shot down by the tail gunner after he had been hit by a Nazi

Shell.

Three Fortresses failed to return from the raid against German submarine pens at Lorient.

Flyers who were still being interviewed yesterday indicated the score of FW190s downed is high enough to make it another

major U.S. air victory. Figures on German fighters shot down were withheld, pending completion of offi-cial interrogations.

T/Sgt. B. C. Farmer, Bailey, N.C., left

waist gunner aboard the bomber piloted by Capt. Sidney Smith, Santa Barbara, Cal., was credited with one FW destroyed. It was seen to dive into the sea after being

And We'll Deliver 'Em

WASHINGTON, Dec. 31 (AP)—The War Department, in a year-end review, said among other things that the United

States was producing enough rifle and machine-gun ammunition each month to fire 833 rounds at every Axis soldier.

The American Red Cross was caring for 7,500 persons in the Pittsburgh area, driven destitute from their homes in low-lying sections, and it was estimated that 10,000 others were homeless in Pennsylvania, West Virginia, Ohio, Kentucky, Tennessee and Alabama.

A weather forecaster announced at midnight that the Ohio river had reached its crest with a level of 36.5 feet, which is

PITTSBURGH, Dec. 31 (AP)-The Day flood of 1936, of which there is no

Day flood of 1936, of which there is no danger of a repetition. The forecaster predicted that a gradual fall in the level would begin at dawn.

The muddy waters covered many downtown streets. Four theaters and four large bridges were closed and there was water several feet deep on the lines of one railway near a station.

There was five feet of water in the courtyards of the Western Penitentiary, but it was not expected that it would en-

72,000 Imprisoned, When Trap Closed Middle Don Victories Italians Are Delighted:

Claim 95,000 Slain,

They Defeated Germans

CAIRO, Dec. 31 (AP)-Details of a pitched battle between Italians and Germans near Alamein were revealed today in enemy documents captured in Libya. The Germans surrendered to the Italians before the mistake was discovered.

The tone of the documents, pertaining to the subsequent court of inquiry, indicated the Italians were delighted.

An Italian battalion, ordered to advance on foot in a general attack, was fired on and gave battle. After hours of fighting the Italians' opponents surrendered. They were found to be part of a German battalion, which had advanced by motor faster than the Italians and on seeing them approach believed them to be British. Twenty Germans and five Italians were killed or wounded.

French Moving Up from South To Hit Rommel

Lake Chad Force Is Seen As Threat to Axis Flank in Desert

By the United Press

By the United Press

While the advance patrols of Gen.
Montgomery's Eighth Army are still skirmishing with Rommel's rearguard in the rocky terrain between Sirte and Misurata, a Fighting French force is streaming northward from the direction of Sebha Oasis, south of Wadi-el-Chebir.

This new development, which constitutes a serious threat to the left flank of Rommel's retreating forces, was made known in a communique yesterday afternoon from Gen. Le Clerc's forces, who began their advance from the Chad territory, in the heart of the desert.

tory, in the heart of the desert. The Bretagne Squadron, a Fighting French bomber reconnaissance unit, attacked the airdrome at Sebha Oasis, which is on the Trans-African highway, and the destruction of a number of enemy aircraft on the ground is reported.

Rommel Avoids Stand

Rommel's forces have abandoned Wadi Bei-el-Chebir, which was regarded as a likely defense point, and are now apparently in the neighbourhood of the Wadi Zemzem, 70 miles from Sirte. The only remaining defense line between this point and Misurata is the Wadi Sofezzin, 50 miles further to the west.

Increased air activity on both sides over the battle area is reported today.

The capture of a group of British para-chutists, commanded by a senior officer, in the Sirte area was claimed in the Italian communique, which also said that a number of motor vehicles, including some armored ones, were destroyed in the Libyan desert.

The German communique said there was assault troop activity at some points in Libya. It claimed hits on our motorized columns.

Air Action in Tunisia

ALLIED HQ, North Africa, Dec. 31 (AP)—Flying Fortresses made six attacks on Axis supply bases between Tunis and Tripoli yesterday.

Two-to-Four-Year War In Pacific Is Predicted

WASHINGTON, Dec. 31 (UP)—A forecast that the war in the Pacific would last between two and four years, dependwhich was devastated in the 1936 flood, left for the hills as the Ohio reached a level of 42 feet. Residents of Wheeling Island, in the middle of the Ohio river, as well as at South Wheeling were leaving by thousands. The river there was 40 feet (Continued on page 4) last between two and lour years, depending on how long it took to defeat Hitler and what material was concentrated against Japan, was made by the Dutch vice-Admiral, C.E.L. Helfrich, when he visited Sumner Welles, Under-secretary of State, today. Ships and planes, he said, were the greatest need in the Pacific.

Doomed Axis Units, Moscow Says

Moscow radio, in a special communique last night, said the German army in Stalingrad was completely liquidated.

Ninety-five thousand Germans were exterminated and 72,000 captured. In the course of the battle the second, fifth, sixth, ninth, 13th, 14th and 15th Rumanian infantry divisions were completely destroyed, the communi-

The communique made the following claims:

The Red Army advanced between 45 and 90 miles in Stalingrad offensive between Dec. 16 and 30. Thirteen inhabited

places were captured. Sevenmen German divisions and one Rumanian division were surrounded in the Stalingrad offensive, as well as 11 German

Stalingrad offensive, as well as 11 German regiment;

Do Rensive Did It

Russian Sops in the middle Don area fulfilled the task set by the Soviet High Command to break the defense front Novaia Kalitva to Monastir.

The Germans made a desperate attempt to free the encircled divisions at Stalingrad but were successfully frustrated by the Red Army. The Germans concentrated their forces at Kotelnikovo, for the purpose of freeing encircled divisions. This was frustrated in the third blase of the Soviet offensive.

Since Nov. 19, 175,000 Germans were killed and 137,650 taken prisoner, the communique said.

On Nov. 19 the Red Army launched an offensive with the forces on the south-

an offensive with the forces on the south-west front, the Don front and the Stalingrad front and inflicted a powerful blow on the enemy," the communique

Lists Units Routed

"The task given by the Supreme Command to Russian troops operating northwest and southwest of Stalingrad was to rout the flank forces of the German and Fascist troops at approaches to Stalingrad and by means of an enveloping movement to surround the bulk of enemy forces at Stalingrad. This aim was achieved by Russian troops, In the course of the offensive our troops routed the

achieved by Russian (roops, in the course of the offensive our troops routed the following enemy forces:

"The 2nd, 5th, 6th, 9th, 13th, 14th and 15th Rumanian infantry divisions, the 7th and 8th cavalry divisions of Rumanians and the 1st Rumanian tank division, the 44th, 376th, 384th German infantry divisions, and the 22nd German infantry divisions, and the 22nd German infantry divisions and the 22nd German tank division.

"In addition heavy losses were inflicted on three other German infantry divisions. During these battles our troops destroyed 95,000 of the enemy and captured 72,000."

Drive Gains Speed— By Maurice Handler

United Press War Correspondent

MOSCOW, Dec. 31—The German front south and southeast of Stalingrad is in imminent danger of collapse.

Within the last 48 hours the Red Armies have carried out a series of well-

coordinated unbroken advances and freed thousands of square miles of Russian territory south and southeast of Kotel-(Continued on page 4)

Goebbels Tells Reich of Peril

Josef Paul Goebbels, Nazi Minister of Josef Paul Goebbels, Nazi Minister of Propaganda, broadcasting a New Year's speech on the German radio last night, said that last year the Germans only succeeded in countering the gigantic Russian war machine by the greatest efforts.

It was clear that Germany could and must be saved, but this was possible only with a tremendous effort of will power. Goebbels declared.

The situation had to be examined carefully, he said, adding that events had proved that "what does not kill us makes."

proved that " what does not kill us makes us stronger."

Happy New Year

Happy New Year . . . G.I.s, and many more of them. That is the wish from all of us to all of you.

We look forward to the New Year with confidence. Behind us lie Pearl Harbor . . . Bataan . . . Singapore. Ahead lie Rome, Paris, Berlin, and Tokio.

We grow more certain every day, as news from the Russian front develops to confirm our belief, that the Nazis leave suffered a second decisive defeat on the Eastern front, a defeat that may well develop into a complete rout.

We are sure that Rommel has lost his punch and that his Afrika Korps will end up in the "Tunisian Bag" sometime next month.

We believe that Mr. Tojo has " Won just one too many of his so-called naval victories, and that in the air his "victories" have also lost him his best pilots and planes. We believe that these losses cannot be successfully replaced, and during the coming year he will be forced to fight on the defensive.

We expect to greet you next year, on this same day, from our "continental headquarters." In that edition we expect to be able to print for your perusal the expected sailing dates of divisions headed for home for home.

We're optimistic because we have faith in you and in your fighting ability, in the folks at home and in their building ability, and in our Allies and in their supporting ability.

Vice-President's Speech

The Cincinnati Enquirer, in an editorial on the recent public address given by Vice-President Wallace, states that it was perhaps the most ambitious effort by any high official of any of the United Nations to set down in clear language the nature of the Jobiem we shall face at the end of this war.

Proceeding from the premise of a shrunken world, Vice-President Wallace contended for a few simple principles.

"One," said the Vice-President, "was a need for organizing the whole community for peace. Another was that each great region of the world should deal with its own regional problems. Yet another, that political organization for peace would be effective only if international cooperation extended into the sphere of "econo-

We are all working, fighting and sacrificing as never before in a determined to make our own country and the world secure for generations to come. If it is worth sacrificing thousands of American lives to stop aggression, it should be worth an effort of far-reaching statesmanship in the post-war era to prevent all future aggression.

With the Vice-President's view we are in complete accord.

War Savings

The enthusiasm and devotion of the men in the European Theater of Operations to the War Savings Program has been a constant encouragement to the Treasury Department, the agency responsible for Government finance. The job of financing this war has been made easier by the steady flow of pay-day dollars back to the Treasury in the form of War Bond Purchases.

Many of you have subscribed to the Pay Reservation Plan and have regular and consistent savings records. Some have become dissatisfied and have cancelled reservations because bonds were not delivered as promptly as they, the subscribers, desired.

A bit of patience is necessary. The responses of both military and civilian personnel to the Pay Reservation Plan has been tremendous-far greater than had been anticipated, necessitating constant additions of personnel and machin-ery to the Bond Division of the War

The delivery of Pay Reservation bonds, especially overseas reservations, has been very slow; but this should not cause the subscriber to loose sleep, for there will be no loss of interest as a result of the time lag between purchase and issuance of

the bonds. So keep on giving, boys, for we've still War to win. The purchase of bonds

Hash Marks

Latest disaster on the home front is the diaper shortage, of all things. Oddly enough the person most interested in seeing the shortage relieved is a man—James Desour. Desour is secretary of the Stork Diaper Service of Chicago and he's been unable to get replacements for his badly overworked supply. He says the average baby uses 12 diapers daily. What, you don't believe it? O.K., have a baby and see. a baby and see.

Capt. Charles Nissen of Oklahoma City wrote home that he may stay in the South Pacific after the war. He

swapped an 11-cent package of cigarettes with a native chief for an island a mile wide and two miles long. The isle has cocoanut groves and crystal blue lagoons. What, no Dorothy Lamour!

Paying his first visit to London, T/5
Ben Wooley, Long Branch, NJ., was
leaving a fashionable restaurant after an
evening of dining and dancing. Approaching what he thought was a doorman, he
asked, "Say, bud, can you get rice acab?" Wooley will probably never
learn the name of the high-ranking
British officer who considerately blinked
his torch to slow down an approaching his torch to slow down an approaching

There's no doubt in our mind about the popularity of the British national beverage—get a load of this. Lt. Russell H. Nagle of a quartermaster unit, walked into the officers' mess one afternoon to find a stray cat had moved in and was walking up and down the hall as though he had lived there all his lite. Nagle got hold of one of the colored house boys, and asked him if he had given the cat anything to eat. "Yassuh, lieutenant, suh, I gave that cat some ham but he wouldn't eat it." "Well, how did you get the cat to stay here so contentedly?" asked Nagle. The house boy beamed and asked Nagle. The house boy beamed and said, "Suh, I just gave that there cat a great big cup of tea."

great big cup of tea."

* * *

Lady M. Montgomery, mother of England's famed General Bernard Montgomery, was a luncheon guest at the American Red Cross club in London-derry during the Christmas holidays. Asked by Director Al Cappio to write in the club visitors' book, she inscribed the following poem, sent her by a friend following the triumph of the Eighth Army in the Egyptian campaign:
"I'm the mother of the son who made

I'm the mother of the son who made, Rommel run.

There's no personality left of my own, soon as the Battle of Egypt was won, I became the mother of the son who made Rommel run."

We have it on good authority that there is a government order that members of the WAVES who are assigned to Wash-

ington and vicinity may not show slips below the skirt of their uniforms, wear their hair below the collars of their coat or have crooked stocking seams. Which leads us to assume that outside of Wash-ington or on the high seas they just don't

The Story of 1942 In the ETO

First Yanks Landed In British Isles Jan. 26

Here is the story of 1942 in the European Theater of Operations, the story of a year in which for the second time in a quarter continue.

a year in which for the second time in a quarter century America sent an expeditionary force abroad to fight oppression.

This was the year in which a bunch of us who were bank clerks and salesmen and farmers (and a handful of professional soldiers) became fighting men and joined the United Nations at the doorstep of Nazi-ruled Europe; in which American fighting men went to Africa and bombed the Germans in Europe; in which other Americans slowed, stopped, and then reversed the ascent of the Rising Sun in the Far East.

Americans are fighting all over the

Americans are fighting all over the globe, but this is the day-to-day story of 1942 in the ETO, concerned mainly with the men who began landing here Jan. 26 and aren't through yet.

First Convoy Arrives

Cowboys Whip Terriers; NYU **Trips Cougars**

Violets Withstand Final Drive, Win 66-55; New Record Set

NEW YORK, Dec. 31—With Center Milo Komenich scoring 10 field goals to tie the regular season record, the Wyoming Cowboys hog-tied the Terriers of St. Francis, 63—38, at Madison Square Garden here last night. The Cowboys' well-knit defense baffled the Terriers throughout, while their superior height and tricky passing brought an avalanche of baskets.

of baskets.

St. Francis fought evenly with the Cowboys until the score reached 13-all. Then Cowboy Ken Sailors, rangy left forward, began dribbling through the Terrier defense and feeding the ball deftly to his team mates. The Cowboys began to draw away, and at the intermission had a 29-18 lead. Komenich then took charge, sinking a free throw and two field goals in rapid succession to turn the contest into a rout. Jim Weir, the other Wyoming forward, caged eight field goals and two free throws.

In the second game of the double header the Violets of New York University thrilled the 13,000 howling spectators by extending their winning streak to seven straight with a 66—55 victory over the heavily favored Washington State Cougars.

It was a battle of high scorers. Violet Forward Jerry Fleishamn tied the record Komenich had broken in the previous game, netting 11 field goals for 22 points, while Cougar Forward Bishop made nine field goals and two free throws for 20 points.

points.

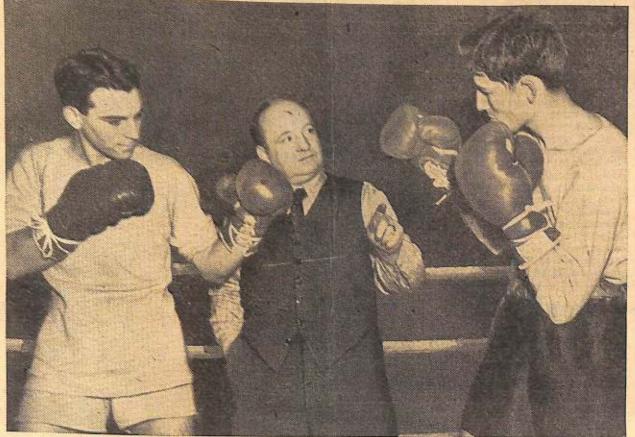

Despite the touted speed of the Cougars, NYU successfully carried the attack in the first half and led at the half-time, 32—18. The Cougars did not look good under their own basket in that period, but the next half was a different story, as the Cougars broke faster, counter-attacking and out-dribbling the Violets to score 37 points to NYU's 34.

Mattman, Talbert Victors In Sugar Bowl Doubles

NEW ORLEANS, La., Dec. 31— Charlie Mattman, New York, and Bill Talbert, Cincinnati, won the Sugar Bowl doubles championship here yesterday, beating Jack Tuero, Memphis, and Earl Bartlett, Tulane University, 6-2, 8-6,

The match was a continuation of one started yesterday which was called on account of darkness.

To Warmerdam, Pole Vaulter Bill Smith, Ohio State

Sullivan Award

Swimmer, Is Second; Hennig Third

NEW YORK, Dec. 31—Cornelius Warmerdam, of the San Francisco Olympic Club, only 15-foot pole vaulter in history, has been voted the James E. Sullivan Memorial Trophy as the amateur athlete "who, by his performance, example and influence, has done the most to further sportsmanship in 1942."

Awarded annually for years to the out-standing amateur athlete, the Sullivan Trophy is the most coveted amateur award. Leslie MacMitchell, New York University miler, won it last year. Previous winners include: Bobby Jones, Lawson Little, golfers; Don Budge, tennis; Bill Bonthron, Glenn Cunningham, Don Lash and Greg Rice, track.

Warmerdam, 27-year-old school teacher at Piedmont, Cal., was graduated from Fresno State College in 1938. He has cleared the bar at 15 feet 26 times. Last season he broke all his own records, vaulting 15ft. 74in. indoors and 15ft. 74in.

outdoors.

These achievements, eclipsing all others, won for Warmerdam 1,001 points in the balloting by 600 national sports leaders. Bill Smith, sensational Ohio State freshman who broke five world and five American distance swimming records in 1942, including the 440-yard free style, was runner-up with 570 points. Third was Ed Hennig, Cleveland, veteran gymnast, with Joe Smith, New England marathon ace, fourth. Fifth in the voting was a woman, Mrs. Estelle Lawson Page, the golfer.

The Sullivan Award Committee selected these five finalists from a list of several hundreds, then presented them to the jury of 600 for the final choice. With Eastman

arrived in Washington and conferred with Defense Transportation Director Joseph Eastman on the subject of major league travel plans. After the conference neither Landis nor Eastman would comment on their talk. It is expected that Landis will give full details when he meets with major league club owners in Chicago within the next week.

Carr and Apps Lead Scorers

MONTREAL, Dec. 31-Toronto Forward Lorne Carr has gained a tie for the scoring leadership in the National Hockey League with team mate Syl Apps, last week's leader. Carr has 31 points, gained from 17 goals and 14 assists. Apps has 15 goals and 16 assists.

day of the season from April 13 to
April 27. Since the new schedule would
call for the same closing day as the present
one, the two weeks lost would be made
up by extra double headers. The late
start would permit all the clubs to condition their players in or near their home
cities.

15 goals and 16 assists.

Bill Cowley, Boston Bruin center, is tied with Billy Taylor, Toronto, for the runner-up slot with 30 points. Taylor has ten goals and 20 assists, Cowley eight goals and 22 assists, making him the League's leading play-maker.

Rookie Wingman Gay Stewart rounded out the Maple Leaf monopoly of the scoring honors, nipping Mark Bentley, Chicago wingman, for fifth place with 28 points on 18 goals. With his ten assists, this makes him the loop's leading goal getter. goal getter.

Further standings in the League, giving goals, assists and total points: Doug Bentley, Chicago, 14, 12, 26; Howe, Detroit, 13, 12, 25; Patrick, Rangers, ten, 14, 24; Hill, Toronto, ten, 14, 24.

Final in East India Tennis

The Yanks, a basketball team composed of men from the Eighth Fighter Com-mand and a Signal Corps company, demand and a Signal Corps company, defeated a Quartermaster unit team in London, 41—13. With a big advantage in height, the Yanks led throughout the contest. Top scorers for the Yanks were Sanders with nine points and Chubby Kology with eight. Bateman was top man for the Quartermasters. Coach of the winners is Cpl. Hal Surface Reaches

CALCUTTA, Dec. 31—Cpl. Hal Surface, formerly of Texas University and one of the nation's ranking tennis players, stationed here with the U.S. Air Force, defeated C. L. Mehta, 7-5, 6-2 in the singles' semi-finals of the East Pvt. Alex Walterson, former Long Island India Lawn Tennis tournament being held here.

NEWS FROM HOME

NoPre-Ration Hoarding in U.S. Survey of Major Cities Shows

WASHINGTON, Dec. 31—Price Administrator Leon Henderson said yesterday that a nation-wide survey indicated that housewives were buying canned fruits and vegetables normally, and were not, except in rare instances, hoarding because of the impending rationing of tinned goods in February.

"We have checked every major populations and tires."

"We have checked every major population center and find the buying of canned fruits, vegetables, and other processed foods that are going to be rationed soon has proceeded normally.

"This is the strongest possible proof that the American public has not been panicked into foolish action, and shows its ready understanding of the necessity for extension." for rationing."

Stalin Time's 'Man of Year'

NEW YORK, Dec. 31 (AP)—Josef Stalin was named by Time Magazine as its "man of the year" for 1942. The criteria used in the election, said P. I. Prentice, publisher, "are always these: who had the biggest rise to fame and who did most to change the news for the did most to change the news for the better (like Stalin this year) or for worse (like Stalin in 1939, when his flop to Hitler's side unleashed a world-wide

Time picked President Roosevelt last year and Mr. Churchill in 1940.

Asks Expenditure Probe

WASHINGTON, Dec. 31 (AP)—Sen.
Robert Taft (Rep., Ohio) has proposed a
thorough investigation into the expenditure of war appropriations, in response
to President Roosevelt's declarations on
Tuesday that Congress must decide where to make economies in the new budget.

Sen. Taft said that the time had arrived to "shake down" some war agencies for economies, and he believed that one of the greatest sources of waste-fulness was the duplication of efforts by various Government bureaus.

Maclaglen's Son Too Tall

·95,000 Slain, 72,000 Captured, Divisions Exterminated'

(Continued from page 1)

nikovo. The important rail junction of Salsk is threatened.

Salsk is threatened.

The chief advance of these forces has been made in the area between the Tikoretsk railway and the Volga. The recapture of Elista, capital of the Kalmuck republic, appears to be the next big success to come to the Russians. The southeastern prong of the Russian advance has already taken Troitskoye, only nine miles northeast of Elista.

With the occupation of Semichaya station the Russians are only 90 miles from Salsk, the important railway junction of the Rostov-Caucasus railway.

The Russians are advancing in this area much faster than they retreated before the German thrusts last summer, a fact of considerable significance, it is pointed out in Moscow.

The next step seems to be the recapture of the entire lower Don valley and a thrust from the south from the Kalmuck republic area. If this maneuver is carried out effectively the whole German forces in the east Caucasus may be transperd.

The same progress is being made on the right flank of the Russian armies. They are pressing on to Voroshilovgrad and already many towns and villages in the northeastern section of the Voroshilovgrad region have been captured.

Resistance Violent

More than ever today the Germans speak of violent resistance to the Russian advance, and this is confirmed by Moscow, which reports that the Germans have used part of their time this autumn to build up specially-prepared defense positions all over the present fighting area. Houses have been concreted and turned into virtual pillboxes, especially along the communication lines, roads and railways. Around these defense points have been concentrated the German guns and airdromes. They have become the center of

dromes. They have become the center of resistance of the German forces, and it is

resistance of the German forces, and it is from these positions that the German counter-attacks come.

When the Russian for annot take a point by frontal assault without too great losses they swing around both sides of the position, surround it and pass on to the next objective, leaving enough troops behind to hold the German island in their lines. Then the main Russian forces arrives.

Air Review-

(Continued from page 1)

the first two raids, five enemy aircraft were destroyed. Two of our bombers failed to return from the second raid. It was the first loss suffered by the bombers at the hands of the Luftwaffe. There was bitter fighting on the 7th when the Forts were attacked by numerous FW 190s, 12 of which were shot down. Though some of the B17s were badly knocked about, all returned. Fortresses struck at Meaulte and the St. Omar drome and Bostons bombed the Le Havre docks on Oct. 2. Of 18 enemy fighters destroyed, Forts shot down 13. All our bombers returned.

Liberators and B17s dropped bombs on the locomotive and steel works at Lille on Oct. 9. In a long, running fight four of our bombers were shot down, but the enemy lost 48 fighters.

Submarine pens at Lorient and Cherbourg and the airdrome at Maupertuis were bombed by Fortresses and Liberators on Oct. 21, in spite of strong fighter opposition. Nine enemy aircraft were destroyed. Three B17s failed to return. opposition. Nine enemy aircraft were destroyed. Three B17s failed to return.

Fortresses and Liberators were over sub-pens at Brest and at St. Nazaire, the Lille mills and the Abbeville airdrome on Nov. 7, 8 and 9. During these raids four of our bombers were lost while "more than 15" enemy fighters were destroyed.

U.S. bombers struck at the docks at St. Nazaire, Lapallice and Lorient on Nov. 14, 17, 18 and 23. On the 17th, bombers and Allied fighter escort planes shot down six enemy aircraft. One of our bombers failed to return. A vicious doglight on the 23rd saw 15 enemy pursuits shot down at a cost of four B17s,

In two early December raids on the Lille and Abbeville fighter bases and the railway center at Rouen, 25 German fighters were destroyed and four of our

bombers failed to return.

A pre-Christmas raid on Dec. 20, when Forts and Liberators pounded the enemy air park and supply depot at Romilly-sur-Seine, saw more than 44 enemy fighters destroyed. Six bombers were lost,

Yanks Welcome New Year With Parties, Shows

English Families Play Host To American Forces At Celebrations

"What did you do New Year's Eve?"
If anybody asks the common, garden variety of GI that question today—and said GI feels in the mood for conversa-

said G1 feels in the mood for conversation so early in the year—the odds are
10 to one his answer will be: "Brother,
I had a helluva swell time."
For one thing, soldiers could afford
taxicabs again in most units in the European Theater of Operations. Dec. 31 was
pay-day, a very, very convenient bit of
timing to close 1942 and open 1943.
And with parties, dances and other
entertainment arranged by Special Services and American Red Cross clubs
everywhere, there was no problem of what
to do or where to go, as long as you
could get time off.

Visit British Homes

Visit British Homes

Visit British Homes

By non yesterday, Special Services,
London Base Command had placed 30
soldiers who went, usually in pairs, to
New Years parties in private homes. In
thousands of towns and villages in the
British Isles, Yanks attended unit parties
or visited with British friends.

At the Hans Crescent Club souvenirs
and refreshments were provided and, for
the first time in any Red Cross club in
Britain, women guests and hostesses wore
evening gowns. For New Year's Day a
band concert was scheduled at 3 PM.

The Washington Club was converted
into a night club for New Year's Eve.
At the Milestone Club in Kensington a
vaudeville show and dance ushered in the
New Year. At this club another program
is planned for today, including dancing
from 7.30 PM to 11 PM.

The Rainbow Corner, famous Piccadilly
Circus center for Americans, was a virtual
replica of Times Square as throngs of
revellers wound up their London New
Year's Exe there. A stag "surprise party"
was on the program.

was on the program.

GI Floor Show

The Mostyn Club put on a GI floor

show and dance. In Belfast a formal dance was held at In Belfast a formal dance was held at the Red Cross for all servicement in Northern Ireland. And in Edinburgh, where New Year is the great national night of nights—sometimes lasting for a week—Red Cross guests observed the ancient Scottish custom of making a round of parties after midnight and returning to the club for breakfast prepared by soldiers.

At the Royal Albert Hall, London, a New Years Day pagent of the British Empire and Allies was planned for the afternoon. Servicemens tickets are 2s. 6d. A detachment of Headquarters Company, European Theater of Operations, will represent the United States.

America Celebrates

NEW YORK, Dec. 31 (UP)—The
American people look forward to 1943
as the "year of victory." They hope—
and expect—it.

Tonicht will.

Tonight millions of them join in New Year revels, paying anything from \$5 to \$20 for supper entertainment, all reason-

ably certain they will have a lot more to celebrate this time next year. By spring the average American ex-pects that the bulk of the action will be in western and southern Europe, and he is quite confident that it will mean the rapid end of the war. Warnings that victory must exact a high cost, that the defensive strength of Germany is great, that the year ahead means an unparalleled strain on the men and machines of the United Nations, have done little to dampen the tremendous wave of optimism which started with the North African offensive and had been tremendously boosted by the Russian successes.

Floods - -(Continued from page 1)

deep and was expected to reach 49 feet

Huntington, with its newly completed flood wall, capable of resisting a level of 72 feet of water, was the only city on the river's bank which felt safe.

One thousand inhabitants at Lancaster.

(Tenn.), which is isolated by flooded high-ways and has no local fire brigade, formed bucket chains to fight a fire which destroyed six buildings in the business

The Ohio flood reached its peak level of 36.6 feet, 11.7 feet above flood level, at the junction of the Ohio, Monongahela and Allegheny rivers.

Although thousands of people were rendered homeless only one death has so far been reported. The St. Patrick's Day flood in 1936 caused damage estimated at \$200,000,000.

Power companies had prepared to withstand 40-foot flood levels and were

Winstand 40-foot hood levels and were therefore not seriously affected.

Fortunately the high waters came on the last two days before the New Year holiday, when many plants and coal mines would have been closed.

Vice-Consul, Nurse Engaged

BELFAST, Dec. 31—John Cushing Fuess, 30, of Andover, Mass., American vice-consul at Belfast and Miss Cora Frances Henry, 27, Manchester, N.H., a U.S. Army nurse, have announced their
